

Exclusively for 18-35 year old's, with over 350 trips worldwide, Contiki is about bringing like-minded travellers together for a hassle-free way to sustainably experience the world. Whether travellers join us solo, as a couple, or with mates, they'll leave with friendships & memories that last a lifetime.

HOW IT WORKS

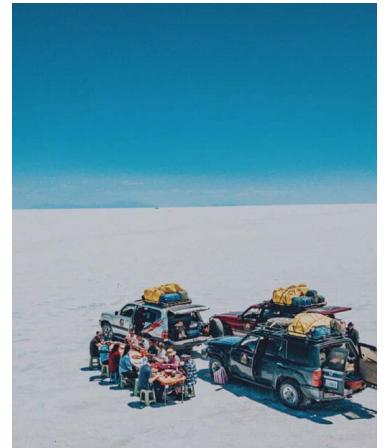

TRAVEL. TOGETHER

Travel is about learning new things, gaining fresh perspectives and making lifelong friends. That's why on your trip you'll share unforgettable travel experiences with other people from all over the world.

DETAILS SORTED

We take the hassle out of travel, sorting transport, accommodation and a bunch of delicious meals for the duration of your trip. But it's your trip, your rules, which is why our travel styles, optional experiences and flexible itineraries give you the freedom to build the trip you want.

UNIQUE EXPERIENCES

Whether your dining in the homes of locals or learning about hidden histories, our immersive experiences help you dive deep into different cultures. Our expert Trip Managers and Local Guides show a different side to the places we visit and are always on hand with killer local tips.

CONTIKI CARES

In partnership with the TreadRight foundation - is our commitment to protecting the communities we visit, the wildlife we interact with and the planet we all share, and it's the driving force behind our pledge to **make travel matter®**. On our trips we travel consciously, tread lightly and always strive to partner with local suppliers.

Here's how we make booking a trip easy, secure and flexible.

OUR SUSTAINABILITY STRATEGY

HOW WE TREAD RIGHT

Along with our sister brands in TTC, we've put together our 2025 sustainability 11 goal strategy, to reduce food waste, source electricity from renewable sources, eliminate single use plastics and ultimately achieve carbon neutrality. These **11 goals** are anchored to the United Nations Global Goals for Sustainable Development, which we've prioritized based on our impact potential.

To ensure success against our HWTR Goals #1 and #2 and to further our commitment to climate action, we have established a five-point Climate Action Plan. Our plan builds on progress made to date and will guide our transition to a low-carbon business.

MEASURE

Measure the emissions from our businesses and trips.

REDUCE

Build on reduction efforts and set ambitious reduction targets by mid-2022.

REMOVE

Through our TreadRight Foundation, invest in new technologies and nature-based solutions to remove excess carbon from the atmosphere.

OFFSET

Purchase carbon credits to offset unavoidable emissions, including phasing in carbon neutral trips between 2022-2030.

EVOLVE

Continue to learn from others, invest in new technologies and support strategic alliances that enable us and the industry to move to a low carbon economy.

CARBON NEUTRAL TRIPS

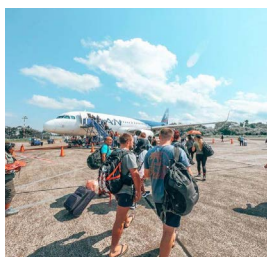

Beginning in 2022, in partnership with a leading offset provider, South Pole, Contiki has begun offsetting your Contiki trip by purchasing carbon credits from a combination of three meaningful carbon reduction projects. These projects include Gold Standard and Verified Carbon Standard projects to guarantee carbon reductions are made, while offering co-benefits that positively impact local communities.
